To whom it may concern:

Re: Candidate List of "Substances of Very High Concern (SVHC)

Please be informed that Nikkalite Retro-Reflective sheeting, 45700 and 45300 do not contain more than 0.1% (w/w) of hazardous substances in the "Candidate List of Substances of Very High Concern" have been designated by the European Chemical Agency (ECHA) as of today.

Nikkalite™ retroreflective, non-retroreflective & overlay self adhesive sheetings are defined in REACH as "Articles" and therefore REACH does not apply.

Sincerely yours,
