For Exceptional Conspicuity

Rennicks Nikkalite® Chapter 8

Keeping your fleet operations safe with high specification fluorescent and reflective vehicle livery materials.

Rennicks offer an extensive range of Chapter 8 materials, with up to 10 years warranty, via our approved converter network. Your kit supplier for Nikkalite® products will be able to advise accordingly and recommend the best product to suit your individual fleet requirements.

Hi S Cal Fluorescent Yellow

High grade cast material offering long term fluorescent properties.

Promotional Grade Red

Cost effective reflective material, no edge sealing required.

Flexible Engineering Grade Red

Long life for greater reflective performance.

ULX Microprismatic Red

High end microprismatic reflective material.

Crystal Grade Microprismatic Red

The ultimate in microprismatic reflective materials.

Nikkalite® Microprismatic material provides greater conspicuity compared to traditional engineering grades. With increased reflectivity by a factor of 10, there is a large improvement in visibility distance, increasing safety for all road users.
